Neutral?"

Neutrality of expression, Rev. Mr.

Stocking said, should be observed. He argued, however, that God cannot be neutral, as He must favor the right side.

Which side is right, he said, will be found only when God chooses to give His decision.

The whole history of the world, he said, is against militarism, and the forces responsible for the war will be punished.

This has been shown, he said, in the downfall of such militarists as Spaniards of old, Napoleon and Louis XIV.
